## About Sri Lanka

Sri Lanka has a population of around 22 million (2020) and is a multinational state, home to diverse cultures, languages, and ethnicities. The Sinhalese are the majority of the nation's population. The Tamils, who are a large minority group, have also played an influential role in the island's history. Other long established groups include the Moors, the Burghers, the Malays, the Chinese, and the indigenous Vedda.

## Message from the Chairman

### Our Valued Clients:

The birth of CECOS Travels Management was, in fact, a recognition of the Sri Lankan worker of today as a vital asset of the country and in response to the present scenario of the Sri Lankans where jobs are gradually waning and an increasing number of the Sri Lankans are trying their luck abroad. Sri Lanka overseas migration has become a pair of crutches for the local economy, addressing two main objectives - to ease the unemployment situation and to generate foreign revenues to fuel the faltering economy.

While this fact about the increasing demand for overseas employment opens opportunities to many local recruitment agencies, CECOS Travels Management shall endeavor to introduce unique strategies to post itself on a higher level among others.

Our commitment goes far beyond quality of employment. it shall streamline its operation into a much wider scale with the use of modern technology and computerized systems for advancing its marketing and recruitment base.

It shall seek to set the standard for excellence, leadership and credibility in the overseas recruitment industry and in all its endeavors by providing services that meet our clients' expectations in terms of quality, quantity, timeliness and cost effectiveness. CECOS Travels Management shall be fully committed in supplying the manpower requirements of its clients with reasonable dispatch, efficiency and integrity.

Your quality assurance is borne by our own highly qualified officials and personnel in modern testing and evaluation methodologies. At the early stage of its inception, it already maintains an active pool of a substantial number of pre-screened candidates for placement in a vast range of job categories in our internal manpower data bank. The nationwide linkage established by its present officers made referrals made easy.

At this juncture, in behalf of the officers and staff of the agency, I would like to offer our services in addressing the current shortage of manpower in your facility by way of facilitating the recruitment of qualified personnel truly exacting your requirements.

Again, thank you very much and I look forward to discussing with you in person the details of our Service. you may get in touch with us at **(+94) 112 690051** or you may reach us at our E-mail Address **info@cecotravels.com** Assuring you of our best attention at all times I remain.

Sincerely,  
**Abdul Careem Anver Sathath**
